BOOSTERS RETURN TO WASHINGTON

Enthusiastic Over Reception Accorded Them Down the River.

GREETED BY CROWDS

Washington Merchants Confident they Can Turn Trade to the Capital City.

Returning from a two days' outing down the Potomac, during whch the advantages of Washington as a commercial and shopping center were impressed upon the inhabitants of the lower Potomac, and its tributary towns and villages, the 120 Capital business men brought with them to Washington last night reports of great success.

The advertising campaign was the most elaborate thing of its kind ever undertaken by the Washington business men. It was known as the "Boosters' Trip, and was carried on by leading business men of Washington associated with the Chamber of Commerce and the Retail Merchants' Association, under the joint auspices of which the outing-advertising campaign was given.

The steamer St. Johns' of the Potomac and Chesapeapke Steamboat Company, which had been chartered for the two-day excursion, reached Washington shortly before midnight. Each of the 120 business men on board brought back to Washington reports of a complete success from every standpoint.

It has been the contention of the Washington business men, ever since the organization of the Chamber of Commerce and the Retail Merchants' Association, that Washington is the logical shopping point for the inhabitants of the country of the lower Potomac and its tributaries. It was with a view of bringing home to them the advantages to be derived from shopping here that the trip was made. In making the voyage the business men killed two birds with one stone, combining busines with pleasure.

There was plenty of pleasure on the trip however, not only on the runs between towns, but even at the stops. Every effort, however, was made at each stopping place to do everything possible to impress upon the minds of the people of southern Maryland and tidewater Virginia the wonderful attractions of Washington as a shoping center.

"The "Bosters' Trip" was unique in that it not only brought Washington merchants and the proposed purchasers of Maryland and Virginia together, but gave the business men themselves a better oportunity to become acquainted with each other.

At all the points where the St. Johns docked, crowds of natives gathered and advertising literature was distributed among them.

William Evans, a restaurant keeper, 35 years old, was killed and his wife fatally wounded in a revolver fight between them early yesterday in front of a rooming house at Sedalia, Mo., The shooting is ascribed to jealousy on the part of Mrs. Evans. Witnesses say she called her husband from the house and fired five shots at him He fired twice before he fell dead.

Four robbers yesterday seized a satchel containing $4,800 in currency and $10,000 in checks from Warrington McAvoy, 18 years old, a messenger of the Garfield Park State Savings Bank in Chicago, and escaped in an automobile. The robbery occured on the sidewalk in front of the bank, which is on the West Side. The stolen satchel, with $10,000 in checks intact, was found later by a laborer in the basement of a building under construction, several miles from the corner where it had been stolen.

Four persons were killed and several others badly injured yesterday by a military aeroplane. The machine had just left the ground when the pilot lost control and the aeroplane plunged into a crowd of spectators. The biplane was piloted by Lieut. Hans, Schneider and carried Lieut. van Teubner as an observer. The propellers of the aeroplane decapitated a gendarme, a woman, a civilian and a child, and terribly mangled their bodies. Two other persons were fatally injured. The aviators were unhurt.

Fisher in Chicago yesterday on a charge of having stolen $14,000 worth of jewelry, laces, silks, and other valuables from her employer, Mrs. Joseph Spiegel, of Winnetka. The Japanese had been previously instructed not to tolerate any insult from the Chinese. President Yuan Shi Kai and his advisers have taken under consideration the demands made by the Japanese government, which are tantamount to an ultimatum, for the killing of three Japanese at Nanking, the maltreatment of a consular messenger, the torture of a Japanese lieutenant at Hankow, and the imprisonment for two days of a Japanese lieutenant at Shantung Japan demands an apology for the insults to the Japanese flag, the punishment of those responsible, and the payment of an indemnity, the amount of which is to be arranged later.

KIDNAPPING SCHEME BARED

Movement to Rush Thaw Away is Frustrated by Jerome.

CHAUFFEUR BRIBED?

Freed From Lawyers' Muzzle, Fugitive Issues Statement Claiming He is Pittsburg Citizen.

Colebrook, N. H., Sept 12—Harry K. Thaw, surrounded by special deputy sheriffs, some of them requested by him to guard against "kidnapping by Jerome." and others ordered by Sheriff Drew to prevent Thaw's escape or his rescue by sympathetic lumberjacks from Coaticooke, was arraigned at 1 o'clock today before Justice of the Peace Carr, charged with being a fugitive from justice.

After the hearing Sheriff Drew planned to remove Thaw to the Coos county jail at Lancaster, thirty miles away, fearing longer to allow him the liberty of the Monadnock Hotel here. The town is filled with strangers, many of them ardent Thawites, and Sheriff Drew said that he found out there were Thaw sympathizers from Coaticooke, 100 or more lumberjacks from the neighborhood of Norton's Mills, and New York gangsters. Chief of Police Kelley ordered out of town two high-powered automobiles that late yesterday stood near the building where Thaw's lawyers have their offices. The chauffeurs indignantly denied that they were in Thaw's employ and said that mere curiosity brought them here.

Found near Motor Car.

Sheriff Drew said that at one time Thaw was missing from the law office and was found in another building, opening on an alley, at the entrance to which were the big touring cars. Thaw declared he had no idea of running away, but two deputies have since accompanied him constantly.

Thaw's lawyers will wait until after the justice court hearing before urging their habeas corpus application before Judge Chamberlain in the superior court. The New York extradition papers, signed by Acting Governor Glynn were supposed to be on their way to Concord today, and the next act of the Thaw melodrama will be staged in the New Hampshire capital.

Resuming his publicity campaign, Thaw issued a long signed statement in which he demanded to know why the State of New York should "squander many more thousands to get me back to Matteawan than are available to me?"

He charged that the New York representatives, "are spending money like water."

Thaw also raised the contention that the New York law provided for the deportation instanter of insane persons who are non-residents of the State, unless they are charged with crime. Being acquitted of the murder of Stanford White, Thaw said he was not confined in Matteawan for crime. He set up the claim that he is a resident of Pittsburgh and that the United States courts in the matter of his guardianship recognized him as a resident of Pennsylvania. It is therefore, he argued, in his statement, the duty of New York to deport him to Pennsylvania as quickly as possible, if he be insane. If sane, he should not be confined at all.

ALEXANDRIA FIGURED.

Lone Star Camp Made Impression at Great Council.

The 66th Great Sun Session of the Great Council of the United Statec Improved Order of Red Men which has been in session since Monday in the New Willard Hotel, Washington, quenched its council fire yesterday afternoon, to be rekindled next September at Portland, Maine Just prior to adjournment yesterday, Representatives from San Francisco and Denver gave notice that invitations from their respective cities for the 1915 session would be presented at the 1914 session.

Alexandria figured largely in the Washington session, in so far as important legislation was concerned in view of the fact that a resolution introduced by Past Great Sachem Walter S. Nicklin, of this city, having for its purpose the establishment of juvenile branches of the order was unanimously passed, and a committee appointed to propagate this branch of the order throughout the United States, and of which Mr. Nicklin was made chairman. His associates in this work are Past Great Sachems Homer J. Northcut, of Covington, Ky., and O. J. Nugent, of Hiawatha, Kansas. Their work will consist of writing a ritual and formulating a constitution and to put in operation such plans as may be necessary for the immediate establishment of these societies in every state of the Union. It is expected that it will require at least two years hard work on the part of the committee before they will be able to make a full and complete report of their work.

Lone Star Camp, No. 1, American Indian Guards, which Mr. Nicklin instituted about ten months ago, will be the pioneer society of this junior branch of the Improved Order of Red Men, and it was largely due to their splendid showing made at the Memorial services held at the New Willard on Tuesday night, that they gained such favor with the representatives and made it possible to have the resolution making them an auxiliary to the order passed.

RED MEN ADJOURN.

Will Meet Next Year in Portland, Maine.

After unanimously passing a resolution thanking the people of Washington for their hospitality, the sixty-sixth annual convention of the Great Council of the Improved Order of Red Men of America and visiting Pocahontas, which has been meeting at the New Willard since Monday, yesterday adjourned to meet in Portland, Me., next year.

The most important matter acted upon at the closing session was the passing of a resolution defining the attitude of the order toward labor unions. On the first day of the convention a motion to have the union label placed on all Red Men stationery was ruled out of order, but yesterday, fearing that this action would give the impression that the order opposed the labor unions, a resolution was passed declaring that the order was favorable to labor unions, but could not take a stand against non-union labor day by having the union label put on its stationery. It was declared that the order was neither a political nor a religious body, and has both union and nonunion members. It was stated, however, that its printing was done in uhion shops by union labor.

A change was made in the per capita tax of the members from seven cents to eight cents. This tax is used to maintain the Great Council.

Judge William H. Boyce, of Dover, Del., was appointed a member of the grand board of appeals for three years C. E. Chamberlain, of Lebanon, Ill., was appointed a member of the finance commitee for three years, and Fred C. Temple, of Grand Rapids, Mich., was appointed a member of the judiciary committee for the same period.

A committee to bond the order was appointed. Walter S. Nicklin, of Alexandria, is a member of the committee to frame a ritual for the new juvenile branch of the Red Men—the American Indian Guards.

NOTICE.

There will be a special meeting of the Knights of Columbus society thig evening at 8 o'clock at Lyceum Hall to take action on the death of Brother Ponnet. All members are requested to be present.

RAPID WORK ON THE TARIFF BILL

Republicans Play Part of Fifth Wheel to the Coach.

MEET AGAIN TODAY

Majority of Committee Framing All Reports—Measure is Being Pushed Rapidly.

Washington, Sept., 12—Eager to hurry the tariff bill through conference as quickly as posible, the conferees on the measure, after a short session yesterday afternoon, convened again this morning. They intend to work as steadily as possible until they have reached an agreement, and will be daily in session, morning and afternoon, Evening sessions will be held, also, as they may be necessary.

Six hundred and seventy-six amendments have been made by the Senate This in itself means that it is no slight task to reach an adjustment. However, the progress thus far made by the conferees has been rapid and tends to confirm the belief of the Democratic leaders that the bill may become law about September 20.

Republican conferees are the fifth wheel to the wagon. Their part is perfunctory. The Democratic conferees are meeting by themselves, and when they get an agreement, they will call in the Republicans and show them what is done. The Republicans will have nothing to say about it, and might about as well not be appointed for all the influence they will have.

At the first conference committee meeting the chemical schedule was nearly completed, and the Senate changes were nearly all accepted. Alizarin dyes used in cotton and woolen industries, were put on the free list. A compromise rate of a half cent a pound will probably be fixed on chlorate of potash.

President Wilson has let it be known he believes in free bananas, and the bill will doubtless be changed to meet his wishes.

POTOMAC FIRE DEPARTMENT.

Officers Chosen—Ladies' Auxiliary—Chicken Supper to be given.

The Potomac fire department, which recently purchased two chemical fire engines to be used in fighting fires in the town of Potomac, Alexandria county, comprising the subdivisions of Del Ray and St. Elmo and adjacent territory, has been organized with the election of George W. Wells as chief. Both Del Ray and St. Elmo will have separate officers and Del Ray will be known as Company No. 1, while St. Elmo will be known as company No. 2.

Officers of the St. Elmo company are yet to be chosen, although James Rowe has already been selected as chief of that company. A ladies' auxiliary has been formed in connection with the organization.

The ladies have arranged for a chicken supper to be given from 4 until 6 o'clock the evening of September 16 next, at Del Ray, when both engines will be given a test at Wells' garage, at Del Ray.

Officers of the Del Ray company are as follows: Frank E. Heisley, chief; Ivan S. Carpenter, secretary and treasurer; E D. Files, F. G. Smith, Dr. R. J. Yates, trustees; J. H. Watson, F. VIRGINIA APPLE CROP

Off Year in Some Other Localities Reported by U. S. Experts.

Washington, Sept., 12—This will be an "off year" for apples, according to a special forecast issued yesterday by William T. Taylor, chief of the Department of Agriculture plant industry bureau. Early frosts and excessive rains at blossoming time are expected to reduce the quantity and quality of the orchard output generally.

However, the forecast and prospects are bright for fine crops of the famous Albermarle pipin of Virginia, the Jonathan of the Ozark Mountains, the Greenings and Spy in the great lakes region, and the York Imperial of Pennsylvania.

Reports to the bureau indicate greatly reduced yields of apples in Canada, Great Britain, France, and Germany

Richmond, Sept. 12—After carefully canvassing the returns from the primary of August 5th, and officially declaring the nominees of the party chosen at that time, the State central Democratic committee last night decided to importune the next general assembly to remedy the defects in the primary law, and then settled itself to listen for over two hours to argument on the latest phase of the Norfolk county factional fight of a quarter-century standing, which was finally tabled on the ground that the committee had no jurisdiction.

The sum and substance of the protest from Norfolk county, which was presented by Judge D. Tucker Brooke for the protestants, is that the Democratic executive committee of the county had fixed the basis of representation on the county committee on the 1909 instead of that of the presidential vote of the gubernatorial primary of election of 1912. While the county committee is clothed with discretionary powers, the protestants, who are known as the "straightouts," argued that the State committee had a right to curb these powers when it was shown that the committee was "playing politics" Captain R. C. Marshall, who represented the Norfolk county committee denied all the claims of the protestants.

TESTIMONIAL TO CORBY BREAD

In the today's advertisement of the Corby Bakery, the management has caused to be printed a testimonial from an Alexanrian, as an indication of the splendid esteem and appreciation of the Corby Bakery in its efforts to serve the consumers of this city with the best and most wholesome bread, that up-to-date bakery can produce out of the purest materials coupled with careful workmanship. Unsolicited letters of this kind, all speaking in praise of the bread that the Corby Bakery produces, are constantly being received, an indication that the people of Alexandria appreciate the fact that there is a manufacturing bakery in this city with the equipment and service to give the public what it wants in good bread.

Justice Hasbrouck, of the New York Supreme Court, has decided that Gov- ernor Sulzer was regularly impeached and while awaiting impeachment trial was divested of the right to exercise his executive functions, including the power to pardon. The question of the legality of Sulzer's impeachment came before Justice Hasbrouck in con- nection with habeas corpus proceed- ings brought to compel the New York city authorities to honor Governor Sulzer's pardon of Joseph G. Robin, the banker convict. He decided that Robin's pardon was invalid, quashed the writ and sent Robin back to pris- on at Blackwells Island.

OFFICER INJURED.

Franklin of the Norfolk and Western Railroad is in a serious con- dition at St. Vincent's hospital suffer- ing from a wound in the head receiv- ed Wednesday afternoon when he was caught between two freight cars near the N. & W. crossing at Lovitt avenue He had boarded a moving train to catch Joe Proctor, colored, who was riding on one of the cars.

Although badly injured, Franklin held on to his man. Carrying him to the patrol box near the old high school he handcuffed Proctor to the fence while he sent in a call for the patrol wagon. After calling the wagon, Franklin fell in a faint and was lying near his prisoner when the wagon ar- rived. He was carried to the hospi- tal. Held on Forgery Charge.

Harrisonburg, Va., Sept. 12.— H. E. Weatherholtz, a farmer living on the Rockingham-Shenandoah line, was arrested at his home Wednesday night and brought to the Harrison- burg jail on a charge of perpetrating a clever forgery one day last week, in which two of the Harrisonburg banks were victimized.

A stranger presented a check at each bank, one for $170 at the Rock- ingham National, and one for $160 at the People's Bank, both drawn on the First National Bank of Broadway and signed by responsible business firms. Both were payable to Rawleigh Dove and endorsed by that name. In each instance he deposited the check, draw- ing $70 at one bank and $60 at the other in cash, leaving the rest to his credit.

The checks proved to be forgeries, a man named Rawleigh Dove proved to be innocent, and similarity of sig- natures caused suspicion to rest on Weatherholtz.

NORFOLK WANTS DRY DOCK.

Senator Martin Believes Big Basin Will Be Located at the Port

Norfolk, Sept 12—That Norfolk county stands an admirable chance of having the big drydock located at this yard is the belief of Senator Thomas S. Martin, who is in Nor- folk He said that expert naval opi- nion had been freely expressed to the effect that this port is the logical place for the location of the big basin because of its peculiar relations to the entire coast.

"Next to New York, Norfolk is the greatest naval station on the coast from a strategic standpoint," said Mr. Martin, " and I believe naval experts are becoming more and more convinc- ed that this is the logical place for the location of the big dry dock. And when I say that it is not my opinion alone, but the opinion of naval experts who have been and are making a de- tailed study of the situation.

"The question has not yet been en- tirely reviewed by the Secretary of the Navy, but I believe that he will agree and I am certainly hoping that he will coincide with the views of the naval men who have made the investi- gation. Personally, I believe Nor- folk will get the dock."

PROHIBITION DOES NOT PROHIBIT.

In view of the probably coming State-wide issue in Virginia, the experience of our near neighbor, Tennessee, with prohibition as compared to the peaceful conditions in Virginia under local option and police supervision of licensed sale, must prove of interest here.

The shameful conditions of wide-openess and crime in the prohibition city of Tennessee has been so often charged, and so frequently denied, that one on the outside hardly knew which statement to believe; but Judge Neil, of Nashville, in a charge to the Davidson county grand jury, deals with certain cold facts that seem to leave no doubt of the lawlessness of the liquor traffic in that prohibition city.

Judge Neil, in his charge; says in part:

"There are too many persons in this city and county who have no respect for either the laws of God or man. They have little respect for you, clothed as you are with the power and authority to bring them to the bar of justice. It is a matter of common knowledge that on Sunday many places are open, and around these 'slop tubs' gather lewd women and dissolute men who have no respect for the laws of the Sabbath, the God who created them, or the day which He created. They drink nad gamble and flaunt their indecency in the faces of men and women who have to pass by. It is passing strange that in many of these places you can find from one to half a dozen loaded pistols. A few days after the last grand jury adjourned one of these divekeepers opened on Sunday, and before the day was gone he had shot and seriously wounded several men who had loitered around his place. On another occasion a half-drunken, irresponsible woman of the town left her pistol for safe keeping with the man in charge of a similar resort, and before the night was gone she had procured a weapon and committed a horrible murder. What an awful spectacle to behold, the keeper of such a resort runnnig wide open all night long and on Sunday! He has a house of prostitution above his place, a palm garden in the rear, filed with slot machines and other gambling devices, the proprietor armed with a pistol, the level woman who live above him loitering around his place and carrying deadly weapons for the purpose of committing murder. Most of you doubtless read of these occurences in the newspapers."

This comes from a judge which the prohibition newspaers class as being out of sympathy with the prohibition law and criticse for being too tardy in taking cognizance of the existing lawlessness.

Certain considerations of local politics, the inwardness of which we do not understand, would seem to influence the present crusade by the court, but we can at least believe from Judge Neil's charge to the grand jury that State wide prohibiton is having hard sledding in Tennessee.

RECENT ACTS OF INCENDIARISM.

Considerable anxiety has been caused lately in Alexandria over the increasing number of fires which have startled certain neighborhoods. In most instances circumstances showed that the blazes had been started by incendiaries, but, fortunately, they were discovered before serious consequences followed.

The latest fire at the western end of the city was of an incendiary nature, and that at E. S. Leadbeater & Sons' drug store about a week ago bore evidence of a deliberate attempt to fire the building.

Alexandria has at times suffered from epidemics of pyromania. In the early fifties, in consequence of the many fires, generally about the river front, the City Council was compelled to employ extra men to patrol certain localities until ten o'clock at night, when the regular watchman went on duty.

At that time several persons who had been caught in the act of firing buildings were arrested and sent to the penitentiary.

About a third of a century ago there were sporadic cases of pyromania in Alexandria, during which time a number of fires occurred. Later the distemper broke out again, and the Mayor offered a reward of one hundred dollars for the apprehension and conviction of the firebugs.

During the past two or three weeks several well-defined cases have been diagnosed, and the police are endeavoring to catch the sufferers and if they succeed they will be placed where it is hoped their convalescence will be rapid.

NEW HOUSES FOR SALE.

David N. Rust, Jr., of Washington, who owns several extensive properties in Del Ray, will place several newly-constructed houses on the market which will be sold on a strictly low priced rental basis. The houses possess every convenience, such as city water, sewage and electric lights, and are on large lots that give plenty of room for the owner to grow flowers, to garden and raise chickens. The location is close to both stations on the Washington-Virginia electric railway near Del Ray and Lloyds. As the houses will be sold much below their real value and on payments same as rent, Mr. Rust expects no difficulty in quickly finding buyers. An automobile will be available at any time to take buyers interested to inspect the property.

APPRECIATION

B Stands for bread, but 'tis not all alike,
The kind CORBY makes is the people's delight;
'Tis 100% PURE, hot five times a day;
'Tis the bread of the town that has come here to stay.

You will find it on sale in the stores of the town.
A nickle a loaf is the price all around,
Not three light loaves for a dime, as some say,
But CORBY'S full weight for the nickle you pay.

All classes and creeds find CORBY'S THE BEST.
The trade the firm holds is surely a test.
While others may shout and often do boast,
CORBY still holds the trade at five cents a loaf.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriola, Pa., that is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. Thousands have testified to its value. For sale by all dealers.

BODY IDENTIFIED.

Man Finds Remains Are Those of His Wife.

New York, Sept. 12.—The woman who was murdered ten days ago and whose body was cut up and thrown into the Hudson river was identified late yesterday afternoon as Mrs. Casper Janin, of this city. The body was identified by marks on the back. The woman's husband made the identification, and told the police she had disappeared from her home on August 14.

Casper Janin, the husband, told the Hoboken police that he and his wife lived at Barcelonia, Spain, up to about three years ago, when the woman left him and came to this country. Janin said he followed her soon after and found her boarding at a house on West 104th street, New York.

Janin was positive that the marks on the back of the body, which he said were birthmarks, offered an unmistakable means of identification. Mrs. Janin's mother, he said, had similar marks on her back, and the same mark appeared on the shoulder of their child, who is 6 years old.

The police immediately set out to find the man whose name Janin gave them as the proprietor of the boarding house on West 104th street. No trace of the man had been found at late hour last night, but it was reported that he had gone to Cuba, sailing last Saturday.

Detective Sergt. Michael Lyon, of Weehawken, has unearthed a clew which the New Jersey authorities are inclined to regard as of very great value.

Lyon learned from Conductor Louis Odone that a week ago yesterday while running his car on the Coytsville line, he noticed a passenger with two large and seemingly very heavy grips.

In a few minutes Odone noticed an odor from the grips. It became so strong that he stopped the car and ordered the man to get off. He begged to be allowed to remain a few minutes longer as he wanted to transfer to a Fort Lee ferry car. Odone consented.

'Most Everybody Now Has the Hot Springs Liver Buttons.

Dangerous Calomel Not Needed.

Since Hot Springs Liver Buttons were created, constipation, lazy liver and their train of consequent suffering have been unnecessary. WELL-SUPPLIED MARKET.

Prices May be a Trifle Higher Tomorrow for Some Articles.

The market tomorrow will be fairly well supplied with grapes, pears, peaches and some of the well liked vegetables, used for pickling, preserving and canning. While the scarcity of fruits has been very marked this season, the local market may be said to be fairly well supplied with good varieties, but the prices will be a trifle higher than is usually paid for preserving and canning vegetables and fruits.

Fine sugar pears are displayed, selling at 20 cents per quarter peck. Preserving pears in half bushel baskets sell for 50 cents. Quinces bring 40 cents a large basket. Pickling onions are on the market at 15 cents per quarter peck. Next week it is expected they will far more plentiful. Fine Bartlett pears sell for 20 cents per quarter peck. Peas are out of the market. Grapes are somewhat cheaper, selling as low as 15 cents per basket. Fine eating apples are displayed at 25 cents a half peck.

Butter and eggs continue to bring top prices, eggs selling for 35 cents a dozen, while creamery butter brings 38 to 40 cents.

The meat market shows no decline in prices, the best meats bringing about the same prices as last week. Good cuts for roasting and stewing cut off the finest beef, is selling at very reasonable rate for such fine meats, and with the return of cooler weather it is expected a larger demand will be developed for such cuts.

NEWS OF THE DAY.

American bankers have decided to stop lending money to Mexico. J. P. Morgan said yesterday: "In view of the neutrality edict of this government, which prevents the sending of arms and munitions of war to Mexico, I would most certainly regard the loaning of money to Mexico as prohibited."

Omer Davis, 18 years old, was hanged at Fayetteville, Ark., yesterday for the murder of Miss Nellie Moneyhun, his teacher. He went to the scaffold protesting his innocence. Davis' mother, who had walked many miles through northwest Arkansas, circulating a petition, asking Governor Hays to commute her boy's sentence to life imprisonment, remained with the condemned youth until midnight. When the sentence was carried out she was outside the scaffold inclosure. In her wo rk of circulating the petition the mother was opposed by her husband. Miss Moneyhun, 26 years old, was shot and killed by Davis February last, after she had announced her engagement to another.

There has been a serious outbreak of cholera in Hungary and Bosnia. There have already been 167 cases at Budapest.

Representative Sidney Anderson, of Minnesota, late yesterday resigned as a member of the ways and means committee. In a speech bitterly assailing legislation through caucus action, and partisan consideration of the Underwood tariff bill and the Glass currency bill in committees, Representative Anderson declared that the system of legislation established, made his efforts on the committee a "farce and a fraud."

Officials of the Southern Express Company are reticent as to the disappearance of currency amounting to $71,900 from a portable safe on Atlantic Coast ine train No. 89, while in transit from Jersey City to Savannah. The currency was shipped by the Chase National Bank of New York. Except to admit that the money, sealed in envelopes and locked in the portable safe, had mysteriously disappeared, express company officials declined to talk.

At the direction of Attorney General McReynolds, David Lamar, known to New York financiers and the lobby probers of the National Capital as "the Wolf of Wall street," was arrested in Washington last night on the charge of impersonating a member of Congress.

"The slit skirt and the diaphanous gown are the products of the devil's industry. It may add that the fashion of today is generally scandalous. These various forms of degrading creatures are brought about by society women attempting to outdo each other." This was the declaration of Cardinal John Farley, of New York yesterday at Mount Clemens, Mich. In a vigorous manner Cardinal Farley denounced engenic marriages and the teaching of sex hygiene to children. He said the teaching of such delicate matters should rest entirely with the parents, and characterized as "absolute nonsense" laws requiring physical examination of contracting persons before the issuance of marriage licenses.

Efforts to show that the national officials of the United Mine Workers influenced local officials to break contracts with West Virginia coal operators for the benefit of "outside" operators, were made yesterday before the Senate investigating committee by attorneys for the Cabin and Paint Creek operators. The testimony of witnesses was intended to show that operators outside of West Virginia had conspired with the unions in violation of the Sherman law.

Soup Scalds May Kill Her.

Shamokin, Pa., Sept. 12.—Carrying a vessel of scalding hot soup to the dinner table yesterday, Mrs. Andrew Jenaskie tripped over a rug, spilling the soup all over herself and inflicting serious, if not fatal burns.

Babes Spare Mothers Jail.

Norristown, Pa., Sept. 12.—Joseph Pulchino had Marue Poffi and Josephine Domereo arrested, charged with having robbed him of $110, but when he found that they would have to go to jail with babies in their arms he took compassion and let them go.

Parasol Her Life Saver.

Norristown, Pa., Sept. 12.—While in the death struggles in a creek at Spring Mill, Anna Murphy was saved by William Fullerton, who grabebd hold of her parasol as she was sinking for the last time.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea, and Mr. Yorks, the merchant, here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. This is not at all unusual. An ordinary attack of diarrhoea can almost invariably cured by one or two doses of this remedy. For sale by all dealers.
